

ELECTROLYSIS CEU LIVE HOURS WEBINAR SYLLABUS

Description

This Continuing Education Unit (CEU) course is designed as a comprehensive two-day program delivered via Zoom. Each day consists of a five-hour live webinar session, focusing on essential topics such as Sterilization, Sanitation, Bacteria, and Laser Safety. The curriculum is structured to address both fundamental principles and current laws and regulations, while also exploring up-to-date discussions and real-life examples of workplace safety within a medical spa setting.

Active participation is encouraged, as the webinar will feature group discussions centered around emerging issues and best practices related to safety in both medical and paramedical environments.

Session Information

- Session A:
 - March 17th, 9:00 AM – 2:00 PM (Tuesday)
 - March 18th, 9:00 AM – 2:00 PM (Wednesday)
- Registration Deadline: March 15th, 2026
- Zoom webinar links will be sent to all registered participants upon registration and re-sent on the day of the class.
- Note: All CEU sessions are conducted virtually. There are no in-person classes.

General Information

- Zoom links are provided after registration and emailed again on the class day.
- Full attendance on both days is required to earn CEU credits. Partial attendance does not qualify; missing a day means the participant will not receive credit and must register for a future session.
- Credits are reported to CE Broker within 72 hours (3 business days) after completion, and certificates of attendance are emailed to participants.
- These webinars count only as LIVE hours. Participants needing NON-LIVE hours must complete those separately.
- It is recommended not to use a phone for accessing the Zoom webinar.

Registration, Payment, and Refund Policy

- Cost: \$249 per session.
- Refunds: No refunds are available.
- After registration, session changes are not permitted.
- Both days must be attended to receive credits; partial attendance will require re-registration for another session.
- Registration and payment are completed online at bhiceu.com.
- Entry to the webinar requires using the first and last name given at registration; CEU credits will be recorded under this name. Please use your licensed, legal name.
- Attendance will be verified both mid-session and at the end of each webinar day.

FAQ:

Q: *How will I know what credits I need?*

A: BHI does not know what credits you need. To find out what credits you need to take, please visit: <https://www.floridahealth.gov/licensing-and-regulation/electrolysis/continuing-education/index.html>

Q: *Can I get a refund since I can no longer attend the class I registered for?*

A: No refunds are given as stated in the above policy.

Q: *When will you post my credits?*

A: Please allow 72 hours or 3 business days for credits to be posted to CE Broker.

Q: *What do I need to do after attending the Zoom webinar?*

A: You need to apply for the license renewal. Please visit:

<https://www.floridahealth.gov/licensing-and-regulation/electrolysis/renewal/index.html>

Q: *What happens if I take the wrong class?*

A: You will need to find out what classes you need and then take those classes. Unfortunately, we will not be issuing refunds for classes that you did not need to take.

Q: *When will you have an in-person class?*

A: There will be no in-person classes held.

Q: *Who else offers CEU classes if I can't do those dates?*

A: We do not know who else offers CEU classes.

Q: *What if I have questions about my license?*

A: Please email: mqa.electrolysis@flhealth.gov
